MEMORANDUM FOR: Acting Director, Intelligence Community Staff
FROM: Director of Central Intelligence
SUBJECT: Intel Support to Forces in Europe

1. That was a very interesting report from [redacted] this morning on intel support to the forces in Europe. See if he can write that up as fully as possible.

2. I want to talk to Al and to you when Al gets back about taking an organized look at how we can get a hold on that problem. I am thinking of getting our own thoughts together in the Community, sharing them with Latham, and then perhaps bringing a team over to talk to the commands in Europe.
